

frm_Calcola_Minimo

The image shows a Windows form titled "Calcolo Valore Minimo tra due numeri interi". The form has a light blue background and a standard Windows window border with minimize, maximize, and close buttons in the top right corner. On the left side, there are three groups of controls, each consisting of a label and a text box:

- The first group has a label "Primo Numero" (in blue) and a text box. A callout box labeled "lbl_Primo_Numero" points to the label, and another labeled "txt_Primo_Numero" points to the text box.
- The second group has a label "Secondo Numero" (in blue) and a text box. A callout box labeled "lbl_Secondo_Numero" points to the label, and another labeled "txt_Secondo_Numero" points to the text box.
- The third group has a label "Valore Minimo" (in red) and a text box. A callout box labeled "lbl_Valore_Minimo" points to the label, and another labeled "txt_Valore_Minimo" points to the text box.

On the right side of the form, there is a button labeled "Calcola il Minimo" (in white text on a dark blue background). A callout box labeled "btn_Calcola_Minimo" points to this button.
